

## **MZIKI SHOP**

Explore an array of captivating handcrafted artefacts sourced from the local community, alongside safari clothing and children's wear. Embrace the spirit of Africa and support local artisans by browsing the Mziki Shop. From curios to clothing, books to day-to-day items, you'll find the 'treasure' you've been looking for at a price you can afford, including Kego's famous recipe book.

## **PRIVATE CONFERENCE ROOM**

Our versatile meeting room can accommodate up to 17 delegates, offering flexible seating arrangements to suit your needs. With ample natural light to create an inviting atmosphere or the option to block out light for enhanced focus.

## **GAME DRIVES**

Home to four of the Big Five, Mziki Safari Lodge offers a malaria-free environment in which families can enjoy safari viewing in a safe, comfortable and relaxed environment. Mziki Safari Lodge does not have an age restriction for game viewing with families catered for on their own game vehicles so as to ensure their comfort and that of other lodge guests. Explore the wonders of the African bush by day, or night, with your expert game ranger, from the area's prolific birdlife, to mammals, trees and even insects.

## **MINI AND JUNIOR RANGER COURSE**

Mziki Safari Lodge Junior Ranger course is fun for the entire family. From ages 6 and above we offer an exciting program aimed at teaching kids about the beauty of nature through various practical activities. From tracking different animals on game drive with your rangers and understanding animal behaviour to more survival orientated activities around the lodge to keep the kids entertained during the down time in the day. Make sure you are listening like a Kudu and remember like an Elephant so you can breeze through the quiz at the end of your stay to become a Mziki Junior Ranger.

## **BARGE CRUISES**

The mighty Hex River flows through Mziki Safari Reserve providing over 8km of river frontage through the reserve. A particular highlight among guests is the convivial barge cruises that Mziki Safari Lodge offers along Hex River into the Vaalkop dam. Depending on the water levels, guests can enjoy a different encounter with the African bushveld, this time from the water's side, watching the crocodile and water birds go about the daily business while enjoying a refreshing drink.

## **FISHING**

Mziki offers the chance for both beginner and experienced anglers to get their lines out into the water along our 8kms of untouched Hex River. Sit back and relax on the riverbanks with a drink in hand, giving you the opportunity to soak up the sounds and scenery of the bush on offer while waiting for your first fish to bite. There are a few different species to target with plenty of Barbel (catfish), Kurper [Tilapia] and Carp species around. (In honor of our resident Fish Eagles, Mziki Safari Lodge exercises a catch and release policy)

## **ARCHERY AND PELLET SHOOTING**

Take your aim and try your hand at archery or pellet shooting. Available within the safe confines of Mziki Safari Lodge. A target and bows and arrows are provided for willing archers seeking to perfect their targeting skills.
